

*****KIDS EVENT***** *We are excited about providing a program for your children on Friday afternoon and Saturday morning. This special event will be run and supervised by men and women from area churches' youth programs along with certified JOAD instructors. Whether or not your child has any experience with a bow they will enjoy a great program and be lovingly supervised by folks that have a big heart for kids. They'll also take a new bow of their own home! You will escort your child to the pavilion area before your shooting time, sign them in and pick them up at the same place after your round is finished. Fill in the appropriate places on the registration form.*
